Other German Sheepdogs Come in for Praise at Fixture at Bryant Hall.

The second of the series of grand challenge matches held by the Long sland Kennel Club, of Brooklyn, was successfully contested at Bryant Hall last night, with a representative showing in every class.

The chief honors of the show went to Mrs. A. McClure Halley's tiny Pekingere, Nanking Mei of Llenrud, the imported champion brought from Europe
about six weeks ago by Mr. Halley. The
price paid for Nanking Mei was \$2,600.

Many Good Features in Latest Product of Factory.

The Briscoe is one of the newest, as well as one of the smartest cars on exhibition at the Grand Central Palace. This car was the sensation of the London and Faris shows last year. It has a medium sized 4-cylinder motor of the French type and cast en bloc and capable of developing thirty-two horse-power.

The features are three-speed selec The features are three-speed selective type of transmission, electric starter and electric lights, one headlight in the radiator and two sidelights and a one-man top. The car seats five passengers and the interior is finished with luxurious cushions, handsomely upholstered. The cushions are teninch and they are as easy and as comfortable as a feather bed.

The lines of the car are of artistic European design and its striking appearance stamps it as a car that will attract instant attention. Benjamin Briscoe, who is responsible for the car, is among the foremost motor car designers and builders of the present day.

PEERLESS Motor Cars

Grand Central Palace, Jan. 2nd-9th

These new Peerless models in approved open and enclosed styles are on exhibition at the Automobile Show

The new 1915 model "48-Six" is the representative this year of the large Peerless Sixes which have established themselves in the estimation of the discriminating American public as cars of the very highest possible quality. They afford the utmost in safety and efficiency, in beauty, laxurious comfort and convenience.

The new Peorless "All-Purpose" Four and Six are light and luxurious, built to satisfy the owners of \$5,000 cars. In short wheel-base models we have produced an eass of riding equal to that of the largest and heaviest touring type.

Here are the \$5,000 appointments of these \$2,000 models: Aluminum body; platform three polat suspension aprings; spiral bevel rear axle goar; divided front seat; real leather uphalatery; every conceivable equipment.
